3. Reasons for Return

3.1 Defective, damaged or wrong item

If the product is **dead on arrival (DOA)**, damaged in transit or the wrong item, VoltEdge will arrange a free pickup. DOA must be reported within **48 hours of delivery** with photos or a short video of the issue and the sealed package. Confirmed DOA items qualify for a **full refund or a replacement**, at the customer's choice, subject to stock. A technical inspection may be required.

Change-of-mind returns are accepted within the return window for unopened or like-new products. A **restocking fee** applies: **10% of the invoice value** for opened smartphones, tablets and laptops, and **5%** for all other opened products. Unopened, sealed products have no restocking fee. Return shipping is free for defective items; for change-of-mind returns a pickup charge of Rs. 199 is deducted from the refund.
